## Company Profile

### Company Overview

Sturdy Products Ltd are one of Ireland's leading rotational moulding specialists. We commenced trading on October 1st 2001 as the successor to Tank Engineering Ltd. Tank Engineering Ltd had been trading for over twenty years before its activities were split. Sturdy Products Ltd took over the plastic division of the business. Tank Engineering continued the business of the supply of Industrial Water Tanks and Mechanical Contracting.

It is classed as a small to medium sized private limited company.

Sturdy Products Ltd has its head office located at Blessington Industrial Estate, Blessington, Co Wicklow where it carries out most of its operations from its 32,000 sq ft premises located on a four acre site. It also owns two other buildings in Blessington. One is an 11,000 sq ft premises on a 1 acre site and the other is a 10,000 sq ft premises on 1 acre site.

### Products Supplied

Sturdy Products Ltd manufactures plastic products by a rotational moulding process which uses polyethylene as a base raw material. The main activities that Sturdy Products Ltd operates are as follows:

#### 1. Rainwater Harvesting Systems

New to Sturdy Products Ltd is the Underground Rainwater Harvesting System. This is made up of an under ground Rainwater Harvesting Tank or an over ground Rainwater Harvesting Tank, a Water Butt, a Submersible Pump, a Float Valve, a Pressure Vessel and a Down Pipe Filter.

#### 2. Storage Tanks

This includes a range of Oil Tanks, Water Tanks, Chemical Tanks and Wood Pellet Storage Tanks.

#### 3. Environmental & Waste Management

Included in this section are 2 and 4 Wheeled Plastic and Steel Waste Containers, Street Litter Bins, Dog Waste Bins and Recycling Stations to name but a few.

#### 4. Road Furniture

Road Guard Barrier System, Road Safety Poles and Traffic Delineator Poles and Road Dividers (Musoirs)

#### 5. Safety and Material Handling

This division is made up of Fluorescent Tube Boxes, Laundry Trolleys and Spill Trolleys.

## 6. Construction

Mortar Tubs for the Irish and Export market, Builder Chutes and Construction Containers.

## 7. Farm and Equestrian

Manufacturing unique products for the sheep sector including Creep Feeders, Molasses Feeders. Also a range of equestrian products such as Jump Poles, Jump Blocks and Equestrian Saddle Stores.

## 8. Home & Garden

This category contains Coal Bunkers, Composters, Garden Storage Units and Tipping Wheelbarrows.

## Services Supplied

### 1. Custom Moulding

We have the capability to take your design idea from initial inception through to the final product launch all under one roof. Whether it's a new product, a re-development of an old product or if you are switching from metal to plastic, we can offer you our custom moulding service.

### 2. Product Refurbishment

The Returnplast division of Sturdy Products Ltd. offers a complete refurbishment service on your on your steel and plastic wheeled waste containers. We also offer a refurbishment service for plastic products.

### 3. Product Recycling

The Returnplast division of Sturdy products Ltd., which is a fully licensed reprocessing facility for specialist hard plastic, offers a disposal, regrind and refurbishment service. Two grades of plastic can be recycled. They are high density polyethylene and medium density polyethylene. Plastic products are reprocessed and recycled in accordance to the Waste Management Act 1996.
