

Operations Manager Director Designate

Blessington, Co. Wicklow

The Company

Sturdy Products™ Limited is an indigenous Irish company with a market leadership position in rotationally moulded plastic products. Market segments include Environmental, Industrial, Building Construction, Domestic, Agricultural & Equestrian and Custom Moulding. Our customers come from both the public and private sectors in Ireland, Middle East and the U. K.

The position reports directly to the Managing Director.

The Responsibilities

- Definition of strategic and production objectives.
- Organisation of production plans and schedules for two modern plants.
- Setting and attainment of production cost savings targets – product and overhead.
- Leadership and motivation of an established operational team, including our factory manager and foreman, our R & D team, maintenance and delivery staff.
- Liaise with the marketing and technical design teams in bringing innovative products to market.
- Lead the drive for continuous quality improvement in an ISO 9001/2015 environment.
- Manage the purchasing and stock control functions in hands-on mode.
- Participate fully as a key member of the management team.
- Full overall responsibility for the running and control of the Production and overall operations duties in our company

The Person

- A minimum of 5 years of proven achievement as a Production/Operations Manager.
- A relevant third level qualification is desirable.
- Commercial and results oriented approach.
- Experience of compiling, administering and controlling production and operational budgets.
- Interest in building strong and enduring relationships with suppliers.
- Experience in all transport and Logistics related matters
- Experience in purchasing and stock control in a manufacturing facility
- Living in the local area or within a reasonable commuting distance.
- Experience in the plastics moulding business is desirable but not essential.

The Rewards

A salary and benefits package commensurate with the critical importance of the position to the company's future development. In addition there will be the opportunity to earn substantial bonuses through the achievement of personal, team and company targets.
